The International Conference on Nonlinear Analysis and Optimization

ICNAO 2013

Dates: December 20-22, 2013

Venue: National Sun Yat-sen University, Kaohsiung, Taiwan

Web Site: http://icnao2013.math.nsysu.edu.tw

Main Topics:

Nonlinear Functional Analysis
Nonlinear Operators and Iterative Methods
Inverse Problems and Regularization
Fixed Point Theory and Equilibrium Problems
Nonlinear Differential and Integral Equations
Optimization and Calculus of Variations
Set-Valued and Stochastic Analysis
Optimization Methods for Machine Learning,
     Image/Signal Processing, and Finance

Special Guest : Wataru Takahashi

Plenary Speakers:

Ravi P. Agarwal, Texas A & M University at Kingsville, USA
Anthony To-Ming Lau, University of Alberta, Canada
Mau-Hsiang Shih, National Taiwan Normal University, Taiwan
Wataru Takahashi, Tokyo Institute of Technology, Japan and
   National Sun Yat-sen University, Taiwan

Organizers

Wei-Shih Du (杜威仕), Lai-Jiu Lin (林來居)
Yeong-Cheng Liou (鮑永成)，Ching-Feng Wen (溫慶豐)
Ngai-Ching Wong (黃毅青)，Hong-Kun Xu (徐洪坤，Chair)
Jen-Chih Yao (姚任之)

Registration and more information are available at
